OVERVIEW

LEGEND

- 1 ENTRANCE GATE & LAWN TERRACE
- 2 PARKING COURT
- 3 NATURAL STONE BRIDGE OVER ENTRANCE WATER FEATURE
- 4 NAUTILUS/ EDDY SCULPTURE
- 5 NEGATIVE EDGE POOL
- 6 BLUESTONE PLINTH
- 7 UPPER LAWN TERRACE
- 8 SCULPTURE - LIGHT REFLECTED
- 9 MIDDLE TERRACE
- 10 LOWER CHESAPEAKE TERRACE
- 11 LAWN BRIDGE/ BIORETENTION AREA
- 12 PIER

BROADWATER
ASLA 2017 residential design

Stormwater is slowed and captured in bands of black Mexican beach pebble inset into a concrete driveway.

BROADWATER
ASLA 2017 *residential design*

Visitors pass a long shallow vessel of water as they enter, a precursor to the larger body of water beyond. The trough captures stormwater, slows it down, and allows sediments to fall out as it moves toward the Magothy River.

BROADWATER
ASLA 2017 residential design

The negative-edge swimming pool reflects the house and sky, and accentuates the flat plane of stone paving.

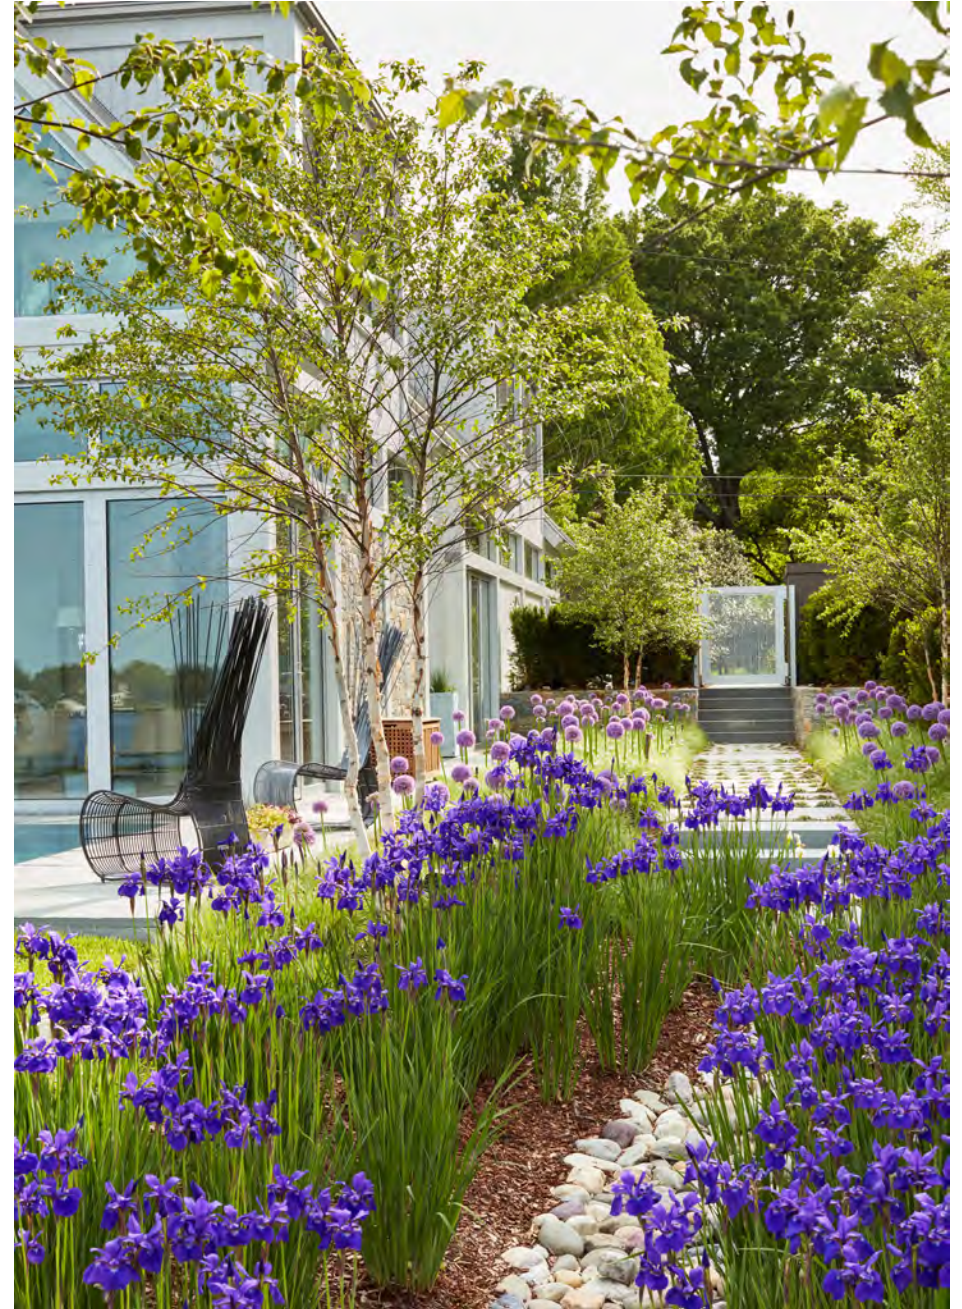

BROADWATER
ASLA 2017 residential design

View into the garden, illuminating a series of planes defined by stone, water and lawn.

BROADWATER
ASLA 2017 residential design

The swimming pool acts as a reflective plane, bringing nature and sky into view at all angles.

BROADWATER

The garden in Spring: Stormwater moves through the site and is cleansed before it reaches the Magothy River.

BROADWATER
ASLA 2017 residential design

A lawn bridge crosses the bioretention area, connecting the garden to the neighboring family property.

BROADWATER
ASLA 2017 residential design

Lawn steps enforce clean geometry. Sculpture declares space.

Art in the garden: The natives in Spring.

BROADWATER
ASLA 2017 residential design

Interplay of plants, steel, and lawn.

BROADWATER
ASLA 2017 residential design

A corten steel screen abstractly depicts light reflected on water. A firepit and grasses create a gathering space along the waterfront.

BROADWATER
ASLA 2017 residential design

Garden, river, and sky are reflected in the architecture, poetically
connected as one.
