SPLINTER CREEK

view from the north lake

SPLINTER CREEK

private lawn terrace with seven boulders.
narrow stone band extends into the grounds

SPLINTER CREEK

stone boulders beyond lawn.
pine forest beyond garden that encompasses the site

SPLINTER CREEK

left: corten wall that carves out the waterfront terrace.
right: stone bands that extend into the landscape

SPLINTER CREEK

stone bands that extend into the meadow and connect one to the surrounding natural landscape.

SPLINTER CREEK

View to lawn and boulders from the main living room.

SPLINTER CREEK

Staircase connecting the home to the lakeside terrace.

SPLINTER CREEK

The lakeside terrace was carved into the natural grade.

SPLINTER CREEK

A stone band bisects the stone and floating wood entry into the home.

SPLINTER CREEK

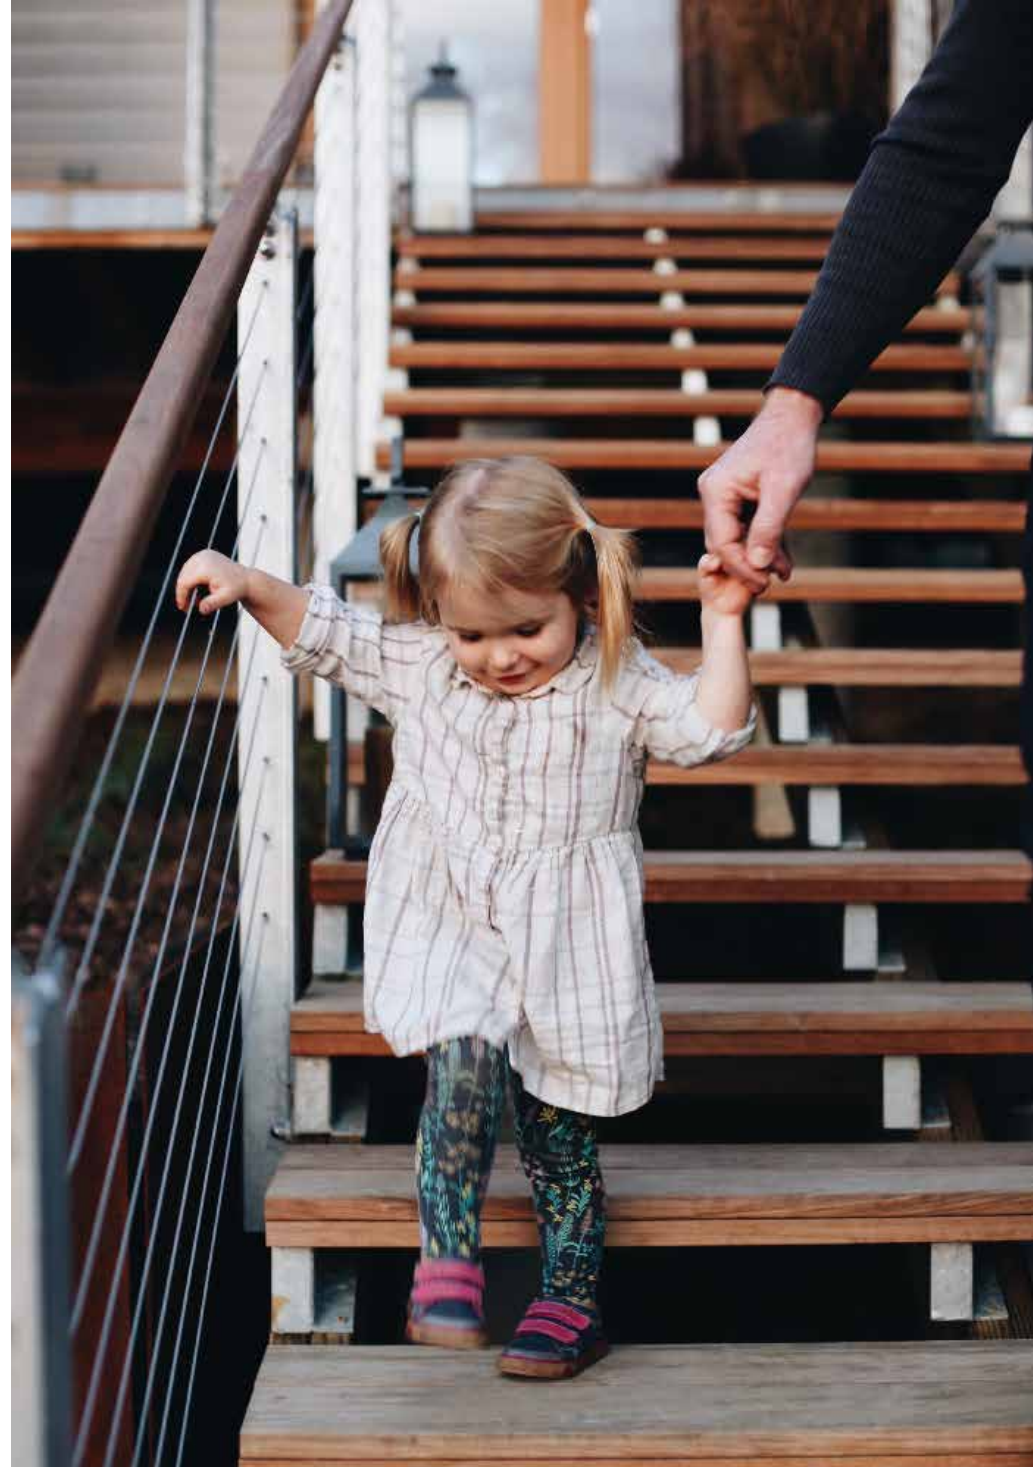

Lush plantings of grasses surround the home.

SPLINTER CREEK

Stone gabion walls move perpendicular to the stone bands connecting one to the water.

SPLINTER CREEK

stairs cascade down to the lake.
